

SUMMARY
FALSE RIVER WATERSHED COUNCIL

Update/Meeting Summary:

Gerald Babin stated that 5 bids were opened on November 2, 2018. \$1.695 million total for the project. It was previously estimated at \$1.986 million so it has come in under. Betucci Contracting had the winning bid and were recently involved in the spillway project.

Working with Facility Planning on verification of match. \$1.27 million in match money (P1 and P2) LRA/GOSEP drainage funds were included and they have met the match requirements.

Start time is estimated to be late January 2019. It is estimated to be a 210 day project. Gerald doesn't think it will take that amount of time.

Access agreement has been signed. Contractor has to get insurance/bonds for the project.

There has been a request to top off the south side island and to insure that the south side permit has been extended.

There is a maintenance plan being drafted for M1 and M2. There is \$334,000 left for maintenance.

There was mention of a water structure manual and the benefits of such a manual.

Next meeting is set for February 20, 2019 at 3:00 p.m. in the parish council meeting room.
